MPPC

The Lima Sabres Modified Practical Pistol Competition is an entry level practical/tactical pistol shoot that allows those with limited equipment to participate in an action shooting event. We offer a semi-auto and revolver division, giving you the opportunity to test your skills with one or both on the second Sunday of each month; May through October. Registration starts at 8:30 a.m., and shooting starts at 9:00 a.m.

The match is divided into a maximum of eight stages of six rounds each for a total of 48 rounds. The stage layout often incorporates two or more six-round strings on one time, lowering the number of stages while maintaining round count. In the ever-changing layout of the stages you will encounter, several target styles and sizes including standard, no-shoot, hard cover, moving, disappearing or hidden cardboard targets as well as reactive steel poppers and plates.

All that is required to be competitive in this competition is a firearm .380 caliber or above, two magazines or speed loaders, a box of ammunition, eye and ear protection. The competition is friendly with an opportunity to practice old skills and learn new ones.
